

## PETCHITECTURE EVENT OVERVIEW

<b>Fundraising Focus</b>	Pets Are Wonderful Support (PAWS), a program of Shanti Project, is a beloved San Francisco institution dedicated to preserving the human-animal bond.
<b>Overview</b>	Petchitecture is the signature fundraiser for PAWS. Funds raised comprise a key source of support for our companion animal support services for older adults and people living with HIV, cancer, or other disabling illnesses in San Francisco. Petchitecture is an annual tradition that will provide high visibility for you and your organization and will showcase your generosity to the entire Bay Area community, with a focus on the pet lovers among us. Canine guests are welcome!
<b>Date and Time</b>	Thursday, May 18 6:00 pm – 9:00 pm
<b>Location</b>	Fairmont San Francisco
<b>Honoree</b>	Sherri Franklin, Founder and CEO of Muttville Senior Dog Rescue
<b>PAWS History</b>	Since 1987, PAWS has helped preserve, support, and nurture the human-animal bond for our most marginalized neighbors—individuals who are isolated, living with low-income, and facing systemic inequities and barriers. At PAWS, we believe that people should never be separated from their animal companions, especially when they need them the most. We nurture one of the most important relationships in our clients' lives. By keeping people and their pets together, PAWS improves the health and well-being of these individuals and their animals. In November 2015, PAWS merged with Shanti Project to ensure PAWS' long-term sustainability and to reach a greater number of San Franciscans who are in need of supportive pet services.
